Welcome Message

Dear Colleagues and Friends

It is a great honour and pleasure for me to welcome you to this new scientific event dedicated to *Non-Melanoma Skin Cancer*, to be held in Florence.
This Symposium aims to build collaboration among dermatologists, oncologists, surgeons, pathologists and researchers, creating a dynamic platform to share the latest evidence, innovations, and treatment strategies in this evolving field.
I warmly encourage both established experts and young investigators to take an active role in the Symposium - through presentations, discussions, and networking - as this will be a unique opportunity to exchange ideas, strengthen collaborations, and inspire future progress in patient care.

With my very best regards,
Giuseppe Spinelli M.D.
